Reports- annual financial review is awaiting schedule and the Insurance board representative will be in Juneau-Haines area for possible meetings in March

Property- Dr. Dobler reported on discussions with City of Kasaan and the Organized Village of Kasaan about our property there. There is some desire in the community to preserve that spot for some kind of religious use. The groups seem interested in working out a solution. Consensus- have the two organizations come up with a proposal to which they both agree.

The GC received an update on health of Walter Soboleff, who was recently diagnosed with bone cancer.

Minutes of the January meeting approved on MSC

Adjourned with prayer by Mary Ann Kondro

Respectfully submitted,
George R. Pasley,
